

H.E.R.

I see her wondering who she is

I've never seen her before

She just sort of sparkles

I see her helping people

Ready to help!!!

Just like a superhero

I know she tries her best

Oh she isn't such a blur

But still cant see her the best

She is giving people shots

Saving lives

Trying her best

She doesn't even look stressed

I start to see her clearly

My vision is getting better

I get closer and closer

Slowly realizing

Thats me
